

Product

Brand:	MAUSER Benelux B.V.
Nominal Capacity [l]:	220
Brimfull Capacity [l]:	>220.0
Body Colour:	standard blue; other colours optional
Body Weight [g]:	8500 (±3%)
Material:	HDPE

Given the various manufacturers specifications may vary slightly

Design

	Bung 1 (front)	Bung 2 (back)
screw type:	BCS 56x4	BCS 56x4
nominal screw diam.[mm]:	56	56
screw pitch [mm]:	4	4
height neck [mm]:	22	22
min. inner opening [mm]:	52	52
position bung [mm]:	84	84

Approval

UN mark:	UN 1H1/Y1.9/200/--/NL/WIVA 3009
Material:	HDPE

UN Tested Filling Goods

	hydraulic test pressure	density packing group I	density packing group II	density packing group III
solids:	--	--	--	--
water:	200	--	1,9	1,9
wetting solution:	200	--	1,9	1,9
acetic acid:	200	--	1,9	1,9
nitric acid 55%:	200	--	1,5	1,5
white spirit:	200	--	1,2	1,2
n-butyl acetate:	200	--	1,2	1,2

Marking & Labeling

markings:	month and week of production, MAUSER mark
labeling:	material identification symbol, IKG mark

Accessories

closure bung 1:	BCS56x4 white, PE gasket	req. torque:	±20 Nm
closure bung 2:	BCS56x4 white, PE gasket (optional with Duravent)	req. torque:	±20 Nm

Packing Unit

packing unit:	loose or 8 pieces per pallet in foil
miscellaneous:	special filling goods: 70% nitric acid, several peracetic acid formulations
